

## EMT-Basic Tuition & Payment Plan

RC Health Services offers two options for EMT-Basic course tuition: 1) Incoming students may pay their full tuition during registration, qualifying them for a reduced rate of \$1499, or 2) Incoming students may pay partial tuition during registration, and the rest while enrolled through our convenient Payment Plan option.

EMT-B Course Tuition Pay-In-Full option: **\$1499 total**

- One payment of \$1499 made during enrollment.

EMT-B Course Tuition Payment Plan option: **\$1599 total**

- One initial payment of \$750 made during enrollment.
- Regular installment payments made as an active student.
  - **Online students:** Installments are due monthly, on a 30-day interval, based on when you enrolled. There will be four installments of \$212.25.
  - **Traditional/Hybrid students:** Installments are based on class schedule, which varies, but will generally be evenly spread between the first and last class session. The date the initial deposit was made will not have any affect on installment due dates, so students registering early for a class and students registering late for a class will have the same installment due dates. There will be three installments of \$283.00.

If you qualify for a discounted rate, such as a military rate (available for current and former military members, proof required), your tuition total may vary.
